TPS Hand Gel Yellow (4.5kg)

1. Identification of the Substance/Preparation and of the Company/Undertaking

1.1 Identification of the substance or preparation

Trade Name : TPS Hand Gel Yellow (4.5kg)
Product Code : SDSHANDGEL

1.2 Company identification

Name : TPS
Company Role : Distributor
Street : Mansion Close Moulton Park
City : Northampton
Country : England
Website : www.totalprintsupplies.co.uk

1.3 Emergency telephone number

Emergency Number : 0800 840 5505 (office hours only)

2. Hazards Identification

2.1 Classification and general Hazards

Not classified as dangerous according to the criteria of directive(s) 67/548/EEC and/or 1999/45/EC

2.2 Environmental hazards

Ecology - General : A high concentration in water can in the aquatic environment in the long term adverse effects

3. Composition/Information on ingredients

Name : TPS Hand Gel Yellow

4. First-Aid Measures

4.1 Effects and symptoms

Symptoms/injuries after eye contact : Slight irritation

Mansion Close

TPS Hand Gel Yellow (4.5kg)

- Symptoms/injuries after skin contact : ON CONTINUOUS/REPEATED EXPOSURE/CONTACT: - May degrease the skin
- Symptoms/injuries after inhalation : When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.
- Symptoms/injuries after ingestion : Nausea - Diarrhoea
- Symptoms/injuries upon intravenous administration : No data available

4.2 First Aid Measures

- First-aid measures general : Take victim to a doctor if irritation persists
- First-aid measures after inhalation : Remove the victim into fresh air
- First-aid measures after skin contact : Rinse with water - Remove clothing before washing
- First-aid measures after eye contact : Rinse immediately with plenty of water - Take victim to an ophthalmologist if irritation persists
- First-aid measures after ingestion : Rinse mouth with water - Do not induce vomiting - Immediately consult a doctor/medical service

4.3 Medical advice

No additional information available

The information in this section is applicable on all mentioned identified uses of this SDS.

5. Fire-Fighting Measures

- General measures : Keep away from ignition sources
- Extinguishing agents
- fire fighting instructions : Water spray dry chemical powder
- Personal protection
(Emergency response) : Warning! Product may cause floors to be slippery
- Other information
(fire-fighting) : Wear suitable respiratory equipment in case of insufficient ventilation

6. Accidental Release Measures

- Personal protection (Emergency response) : Keep away from ignition sources
Warning! Product may cause floors to be slippery
- Handling the product : Avoid prolonged and repeated contact with skin - Do not eat, drink and do not smoke in areas where product is used
- Environmental precautions : Use appropriate container to avoid environmental contamination

TPS Hand Gel Yellow (4.5kg)

- Disposal : Solid spill: cover with absorbent material e.g.: sand, earth, vermiculite
- Other information (accidental release) : Waste to eliminate according to chemical waste law

The information in this section is applicable on all mentioned identified uses of this SDS.

7. Handling and Storage

Handling and storage information is applicable on all mentioned identified uses of this SDS.

7.1 Handling

- Handling the product : Avoid prolonged and repeated contact with skin.
Do not eat, drink and do not smoke in areas where product is used.

7.2 Storage

- Storage area : Keep container in a well-ventilated place. Protect against frost
- Prohibitions on mixed storage : KEEP SUBSTANCE AWAY FROM: oxidizing agents

Consistency of data in the SDS with CSR is considered, as far as the information is available at the time of compilation (cfr Revision date and Version number).

8. Exposure Controls / Personal Protection

8.1 Exposure information

No additional information available

8.2 Exposure control - Risk Management measures

- Handling the product : Avoid prolonged and repeated contact with skin. Do not eat, drink and do not smoke in areas where product is used

8.3 Environmental Exposure control - Risk Management measures

No additional information available

8.4 Technical Risk Management Measures - No additional information available

TPS Hand Gel Yellow (4.5kg)

9. Physical and Chemical Properties

Appearance	: Paste. gel
State of aggregation	: Liquid
Odour	: Fruity odour
Colour	: Yellow
Flashpoint	: 65 °C
Boiling point	: 100 °C
pH	: 8.7
Solubility in water	: Emulsifiable in water
Auto-ignition temperature	: 200 °C

All properties are determined in accordance with the specifications laid down in the Commission Regulation on testing methods referred to in Article 13(3) or any other comparable method.

10. Stability and Reactivity

Stability	: Stable under normal conditions
Conditions to avoid	: Protect against frost. Remove any possible cause of fire
Prohibitions on mixed storage	: KEEP SUBSTANCE AWAY FROM: oxidizing agents
Materials to avoid	: Keep away from: oxidising compounds and reductor agents. Keep away from ignition sources
Haz. decomp products	: Hazardous decomposition products may be released during prolonged heating like smokes, carbon monoxide and dioxide

The information in this section is applicable on all mentioned identified uses of this SDS.

11. Toxicological Information

11.1 Toxicity

Eye irritation	: Contact during a long period may cause light irritation
Skin irritation	: May degrease the skin

11.2 Effects and symptoms

Symptoms/injuries after skin contact	: ON CONTINUOUS/REPEATED EXPOSURE/CONTACT: - May degrease the skin
Symptoms/injuries after inhalation	: When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

TPS Hand Gel Yellow (4.5kg)

Symptoms/injuries upon intravenous administration : No data available

Symptoms/injuries after ingestion : Nausea - Diarrhoea

Symptoms/injuries after eye contact : Slight irritation

12. Ecological Information

12.1 Ecotoxicity

a) LC50/EC50

No additional information available

b) BCF

No additional information available

c) TLM

No additional information available

12.2 Mobility

Ecology - general : A high concentration in water can in the aquatic environment in the long term adverse

12.3 Persistence and degradability

No additional information available

12.4 Bioaccumulation

No additional information available

12.5 Results of PBT assessment

No additional information available

12.6 Other information

No additional information available

13. Disposal Considerations

Ecology - general : A high concentration in water can in the aquatic environment in the long term adverse effects

Regional legislation (waste) : Do not empty into drains, dispose of this material and its container to hazardous or special waste collection point
